From Post-Incident

Prepare Start

Prepare

A1 - Identify and Document Defensive Measures Against Data Loss/Theft, the Alerts They Produce, and Tools That Can Be Used for Investigation

A2 - Identify and Document Data Loss/Theft Adversarial Playbooks/TTPs/IOCs

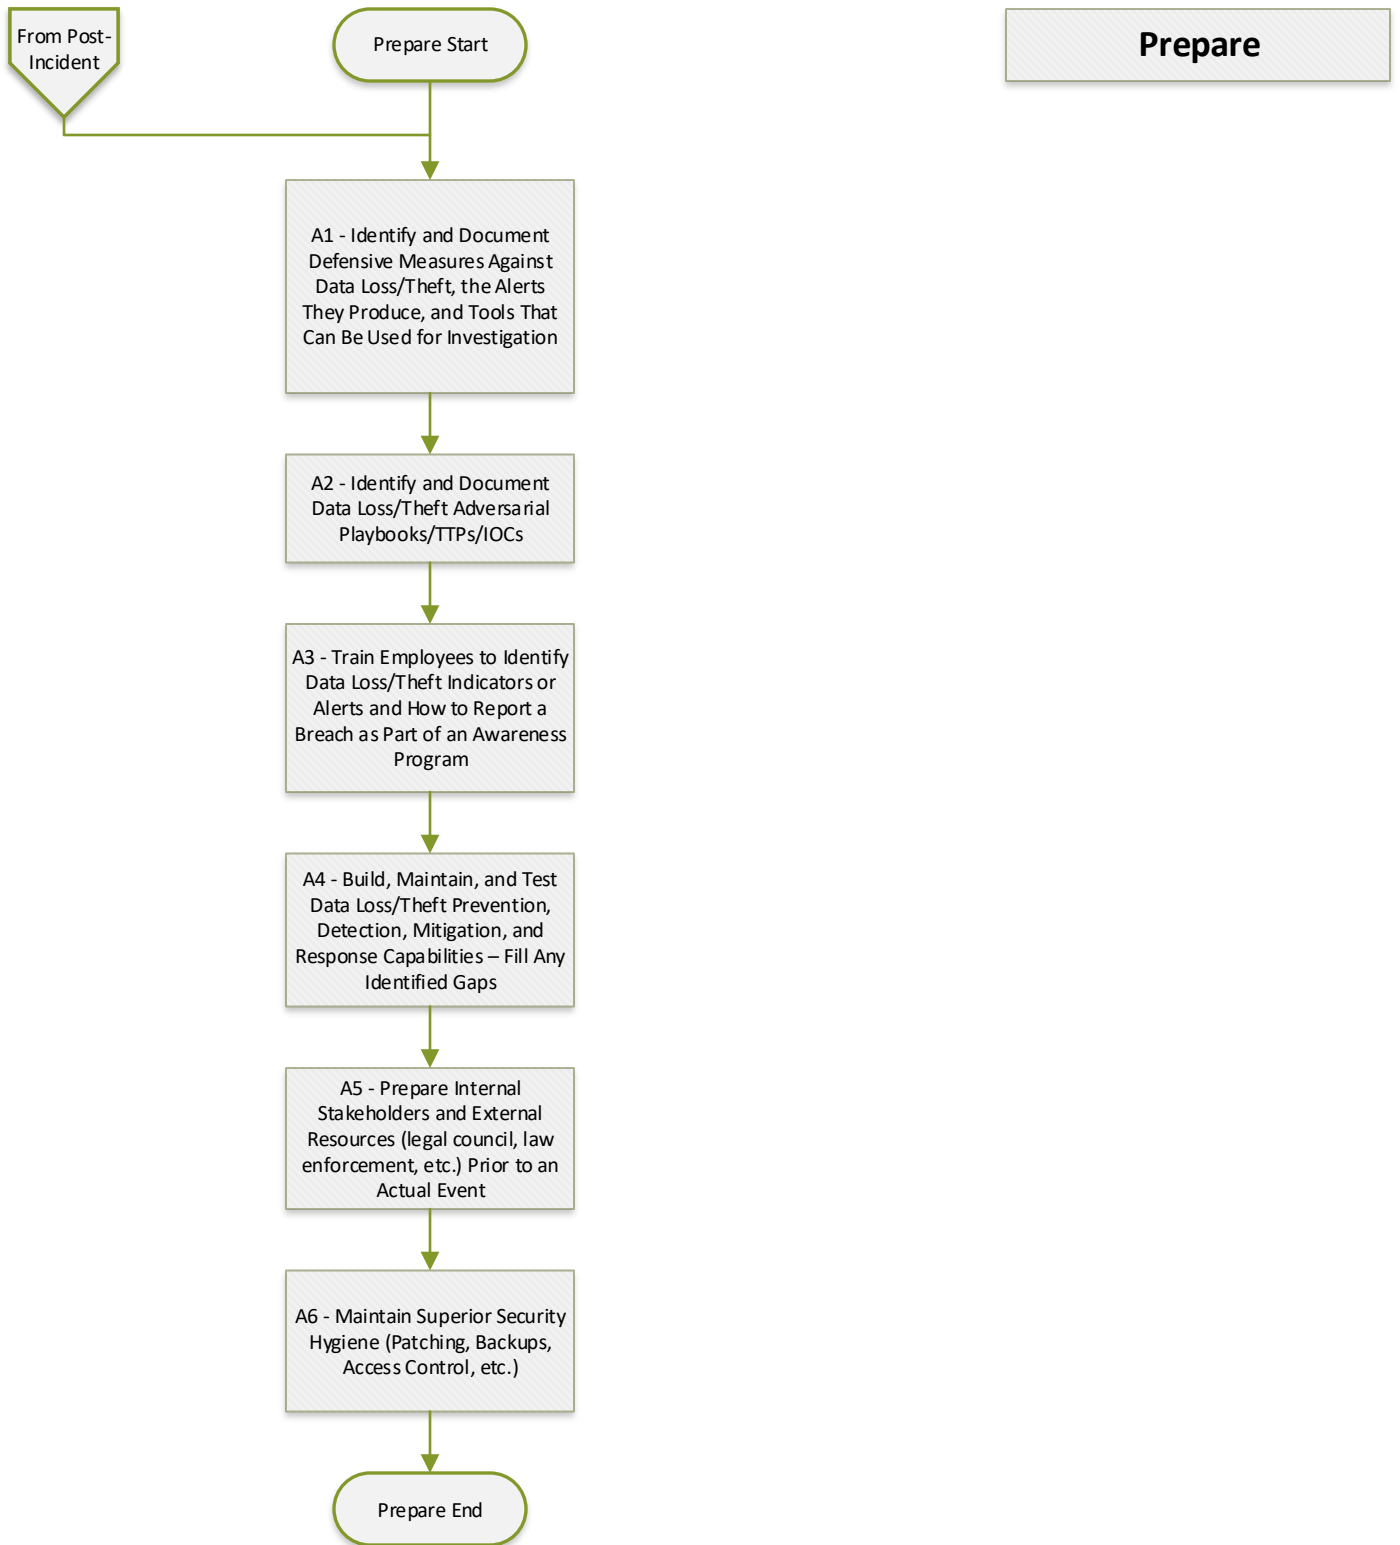

A3 - Train Employees to Identify Data Loss/Theft Indicators or Alerts and How to Report a Breach as Part of an Awareness Program

A4 - Build, Maintain, and Test Data Loss/Theft Prevention, Detection, Mitigation, and Response Capabilities – Fill Any Identified Gaps

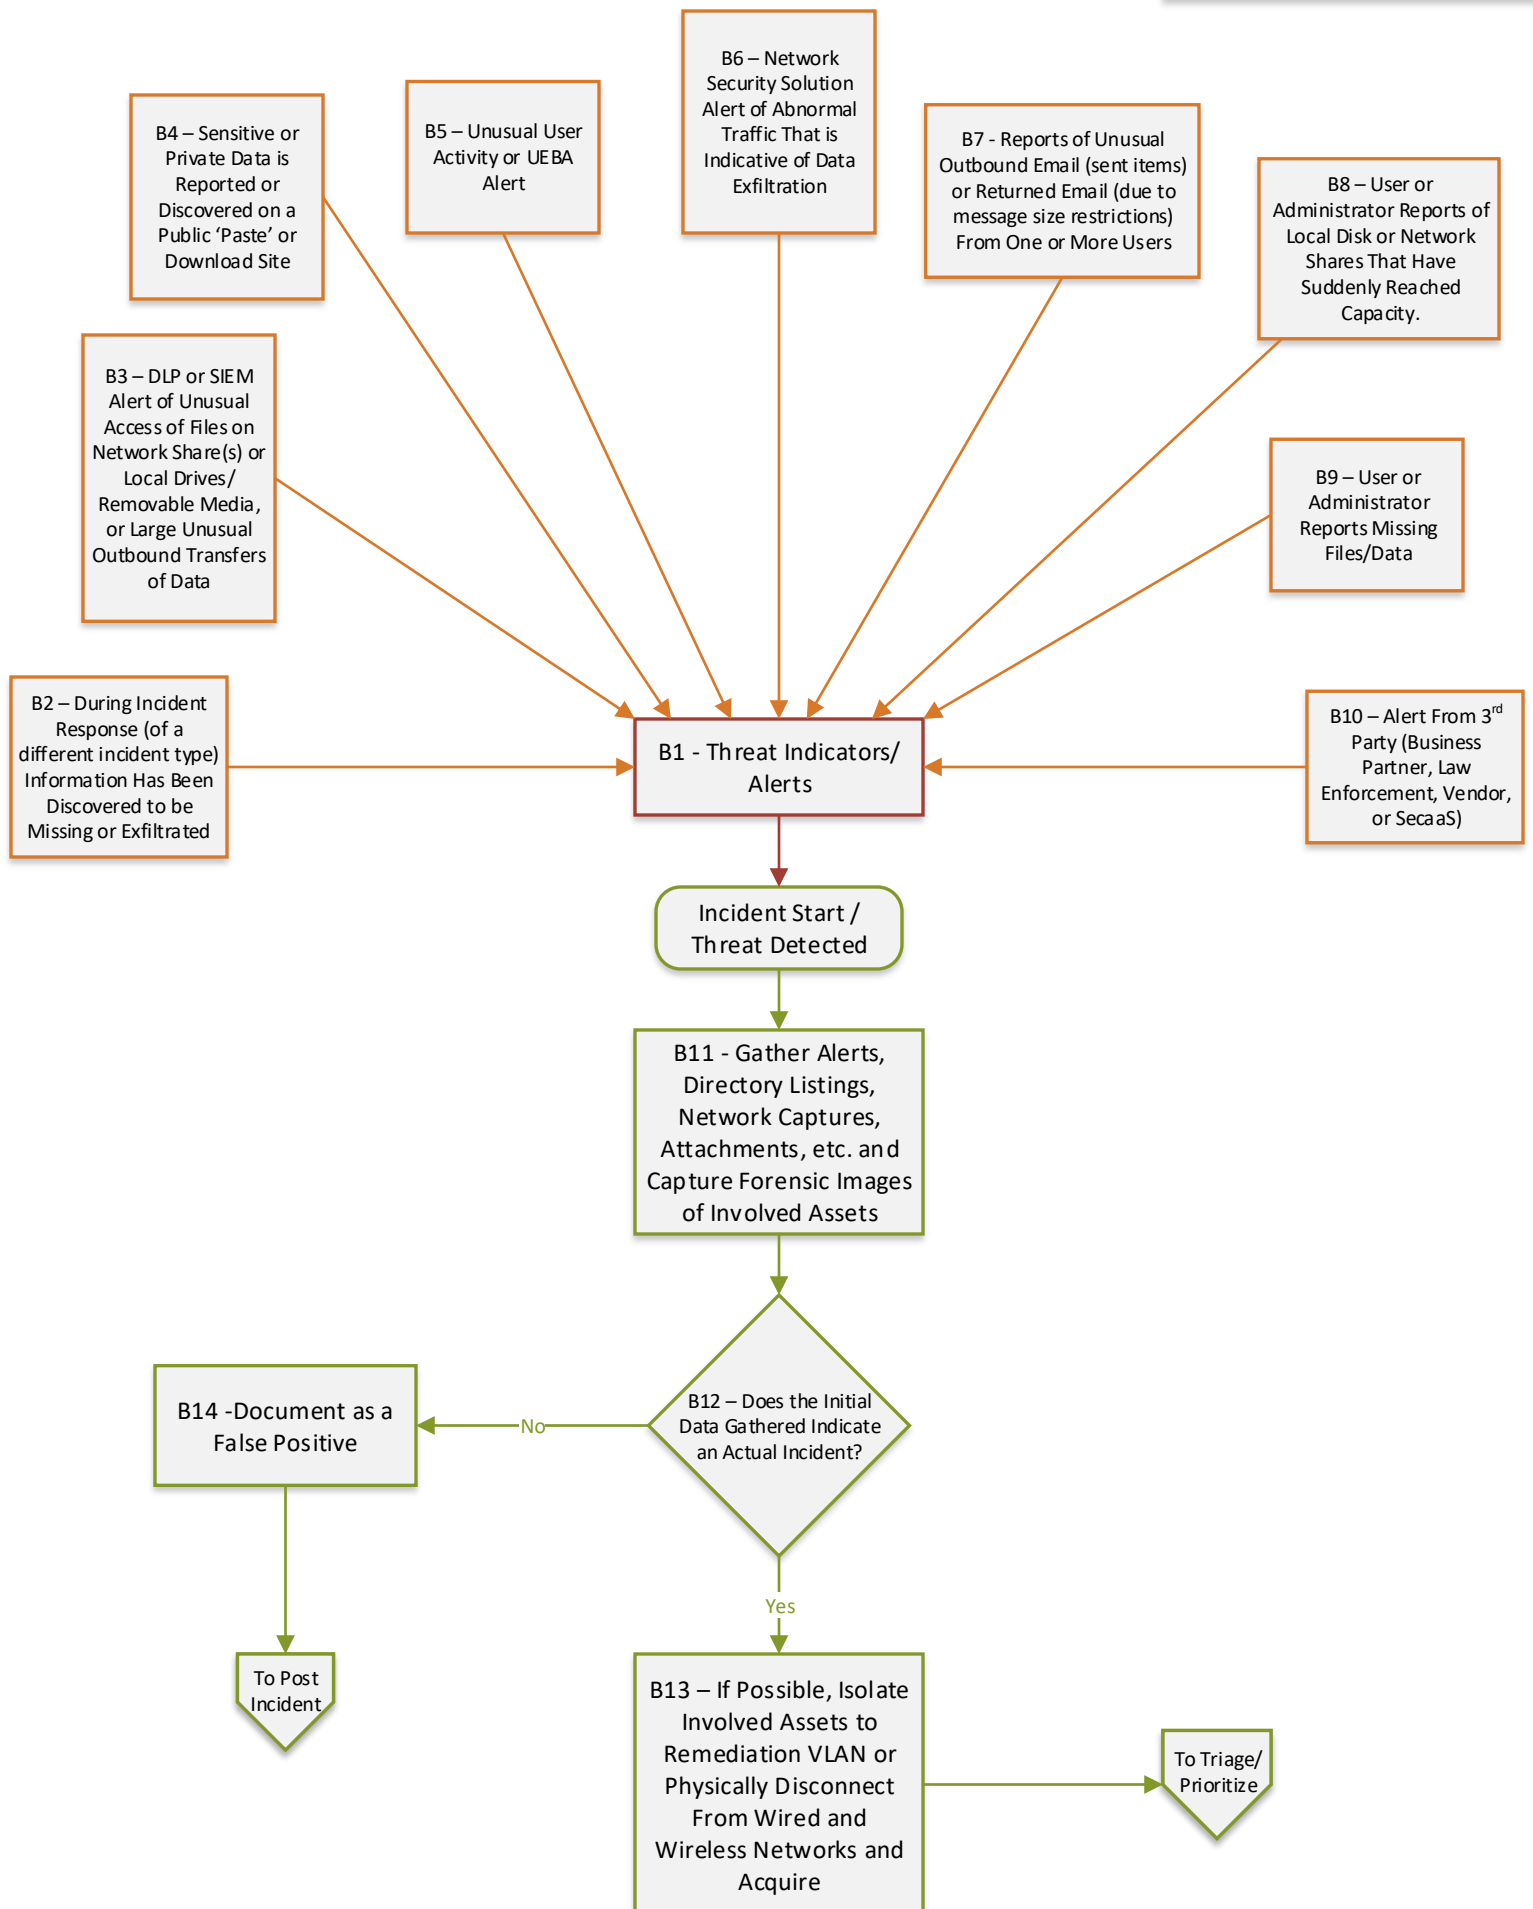

A5 - Prepare Internal Stakeholders and External Resources (legal council, law enforcement, etc.) Prior to an Actual Event

A6 - Maintain Superior Security Hygiene (Patching, Backups, Access Control, etc.)

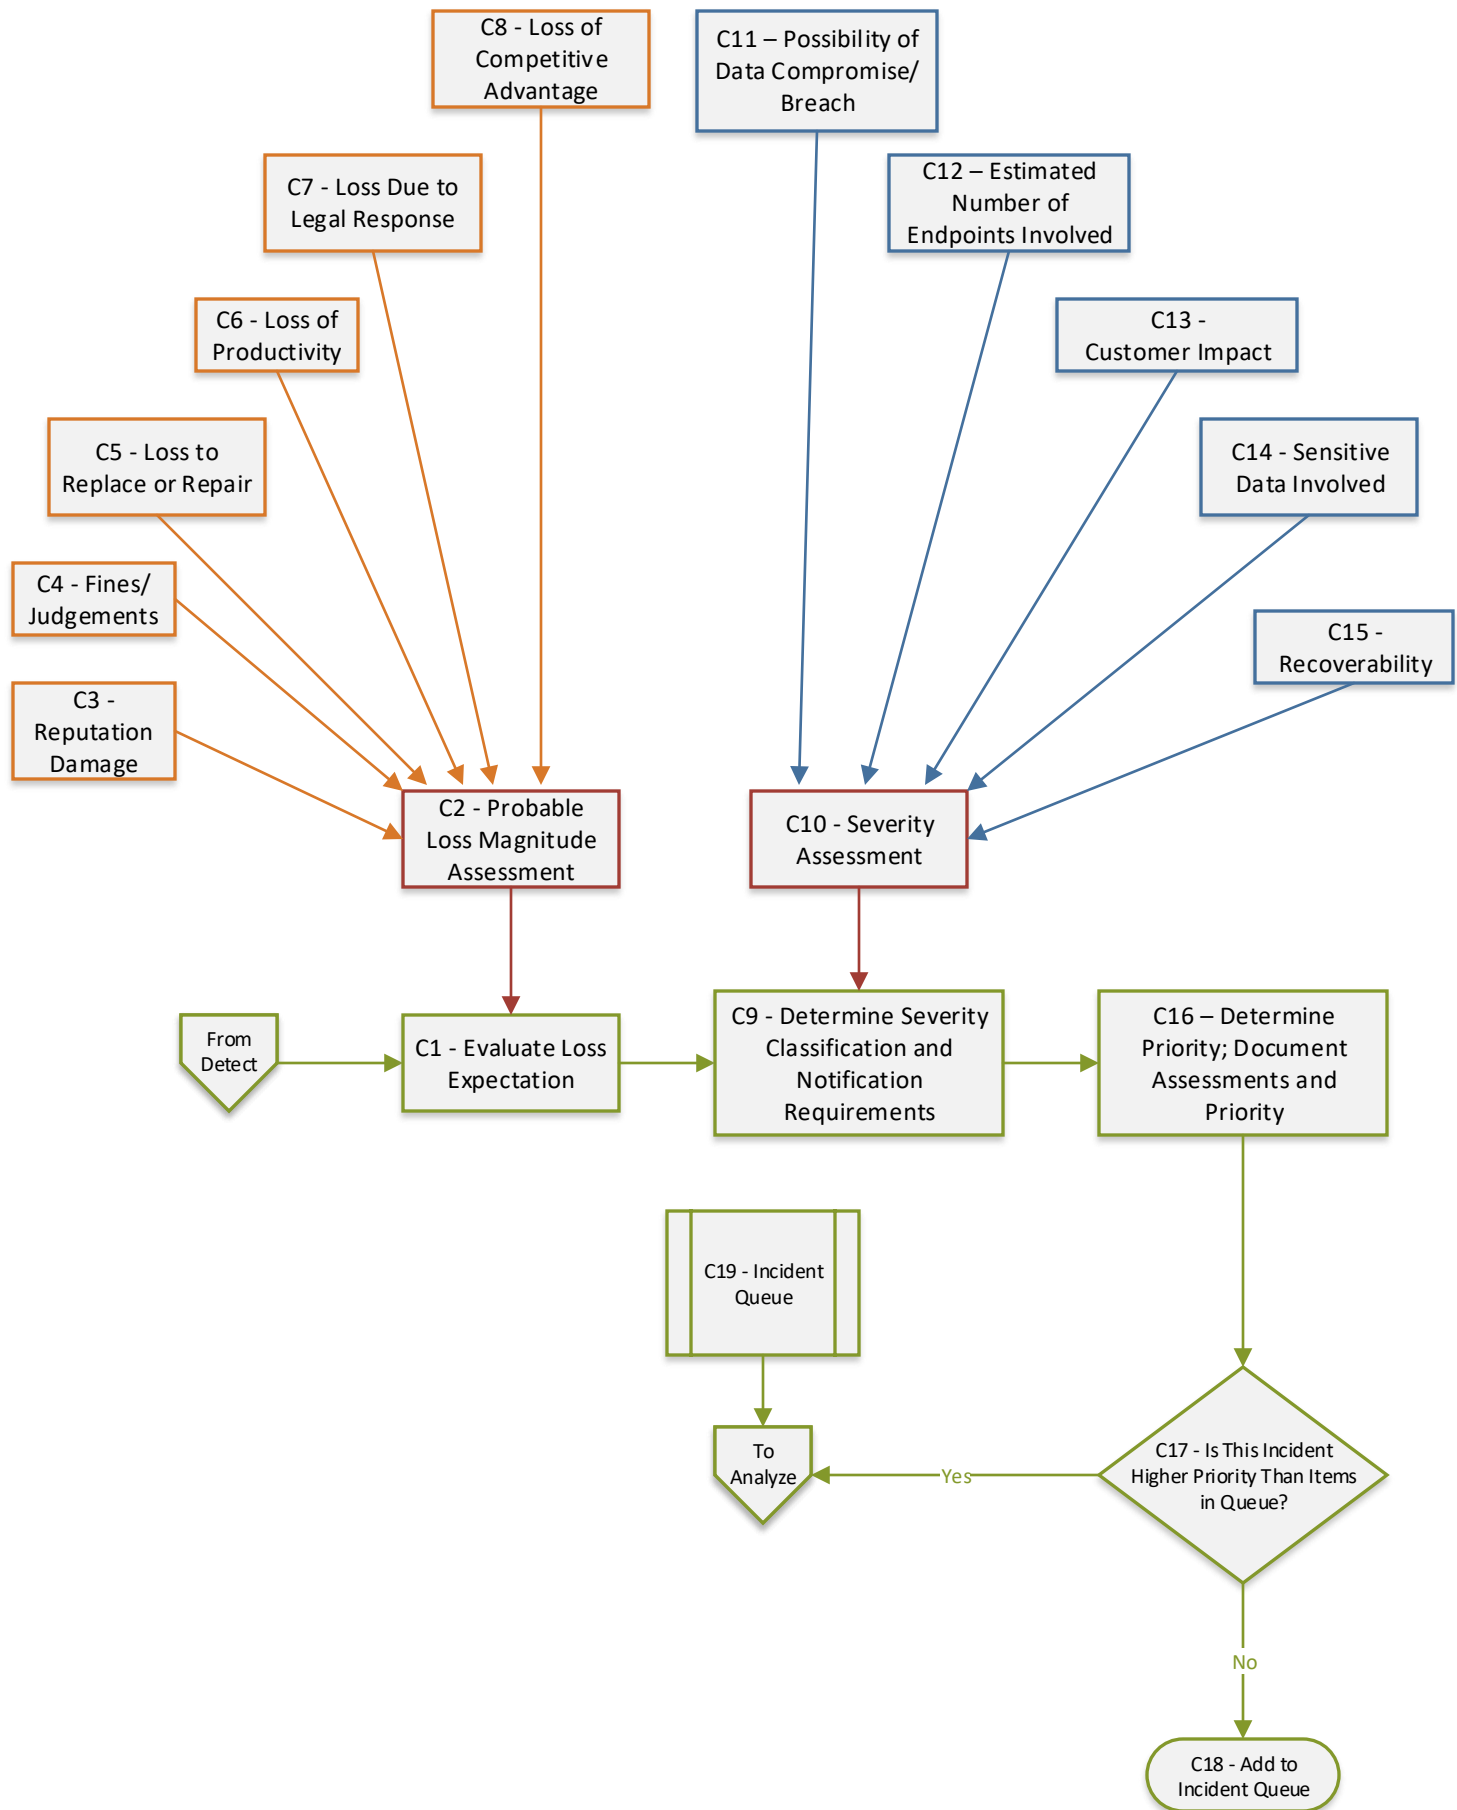

Prepare End

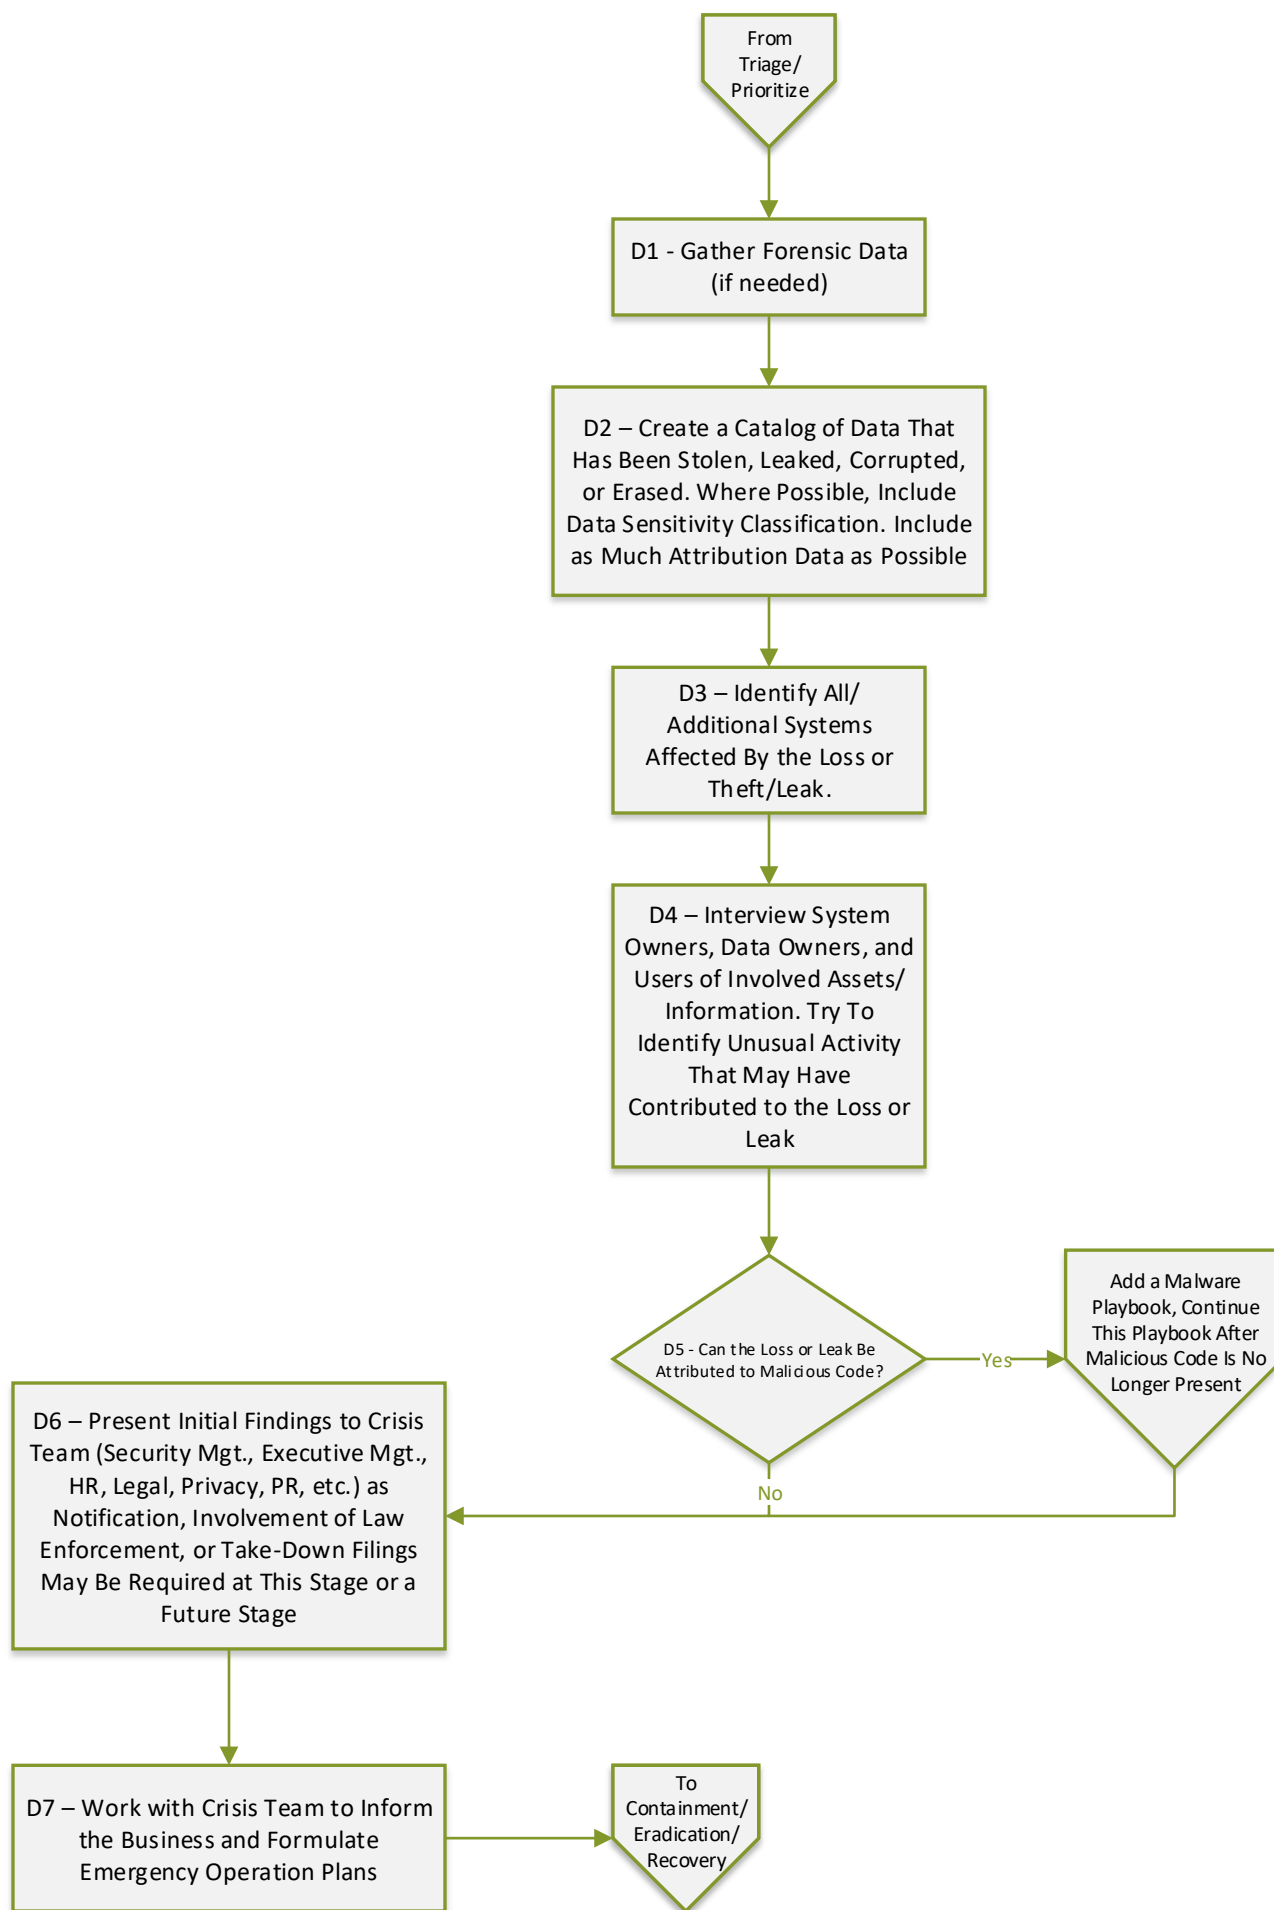

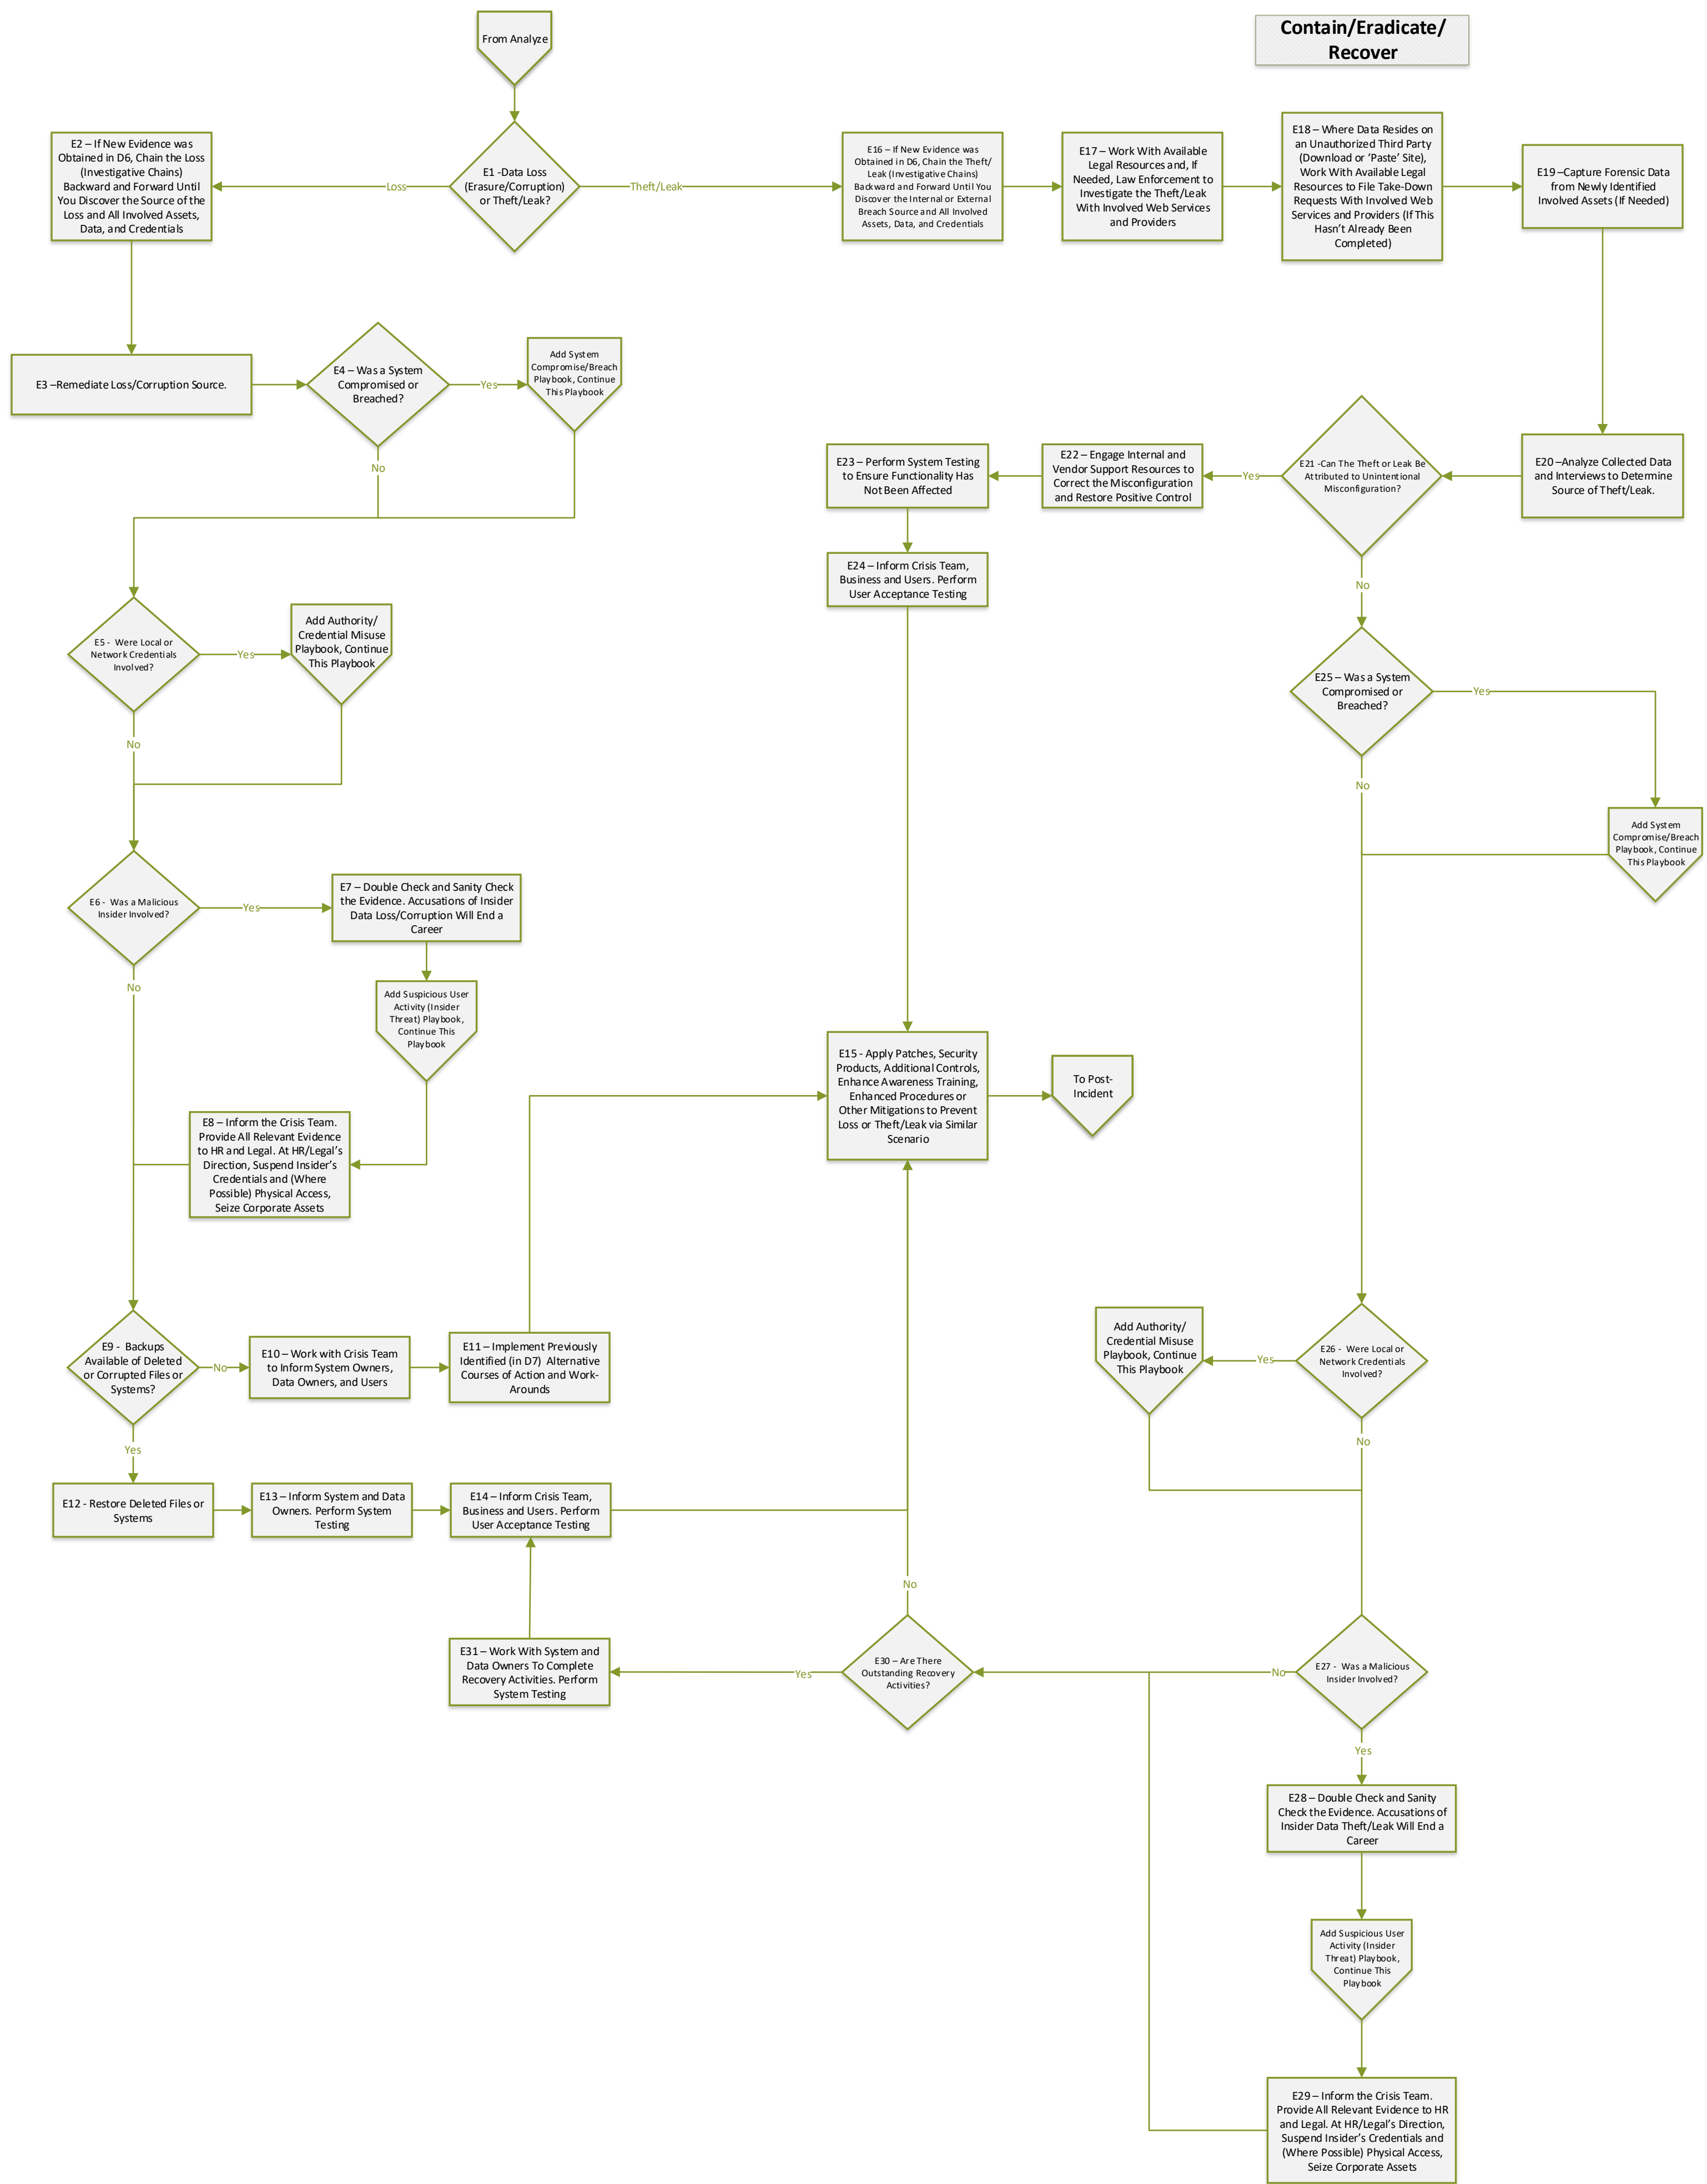

## Detect

## Triage/Prioritize

## Post-Incident
